

Working with Razor Class Libraries

Thomas Claudius Huber

Software Developer

@thomasclaudiush | www.thomasclaudiushuber.com

Module Outline

Reuse code with razor class libraries

Create a razor class library

- Add components to the library

Use the library

- In a .NET MAUI Blazor app
- In a Blazor Server app

Reuse Code with Razor Class Libraries

Reuse Code with Razor Class Libraries

CoffeeBrowser.Maui

Coffees.razor

Reuse Code with Razor Class Libraries

CoffeeBrowser.Maui

Razor Class Library

Coffees.razor

Reuse Code with Razor Class Libraries

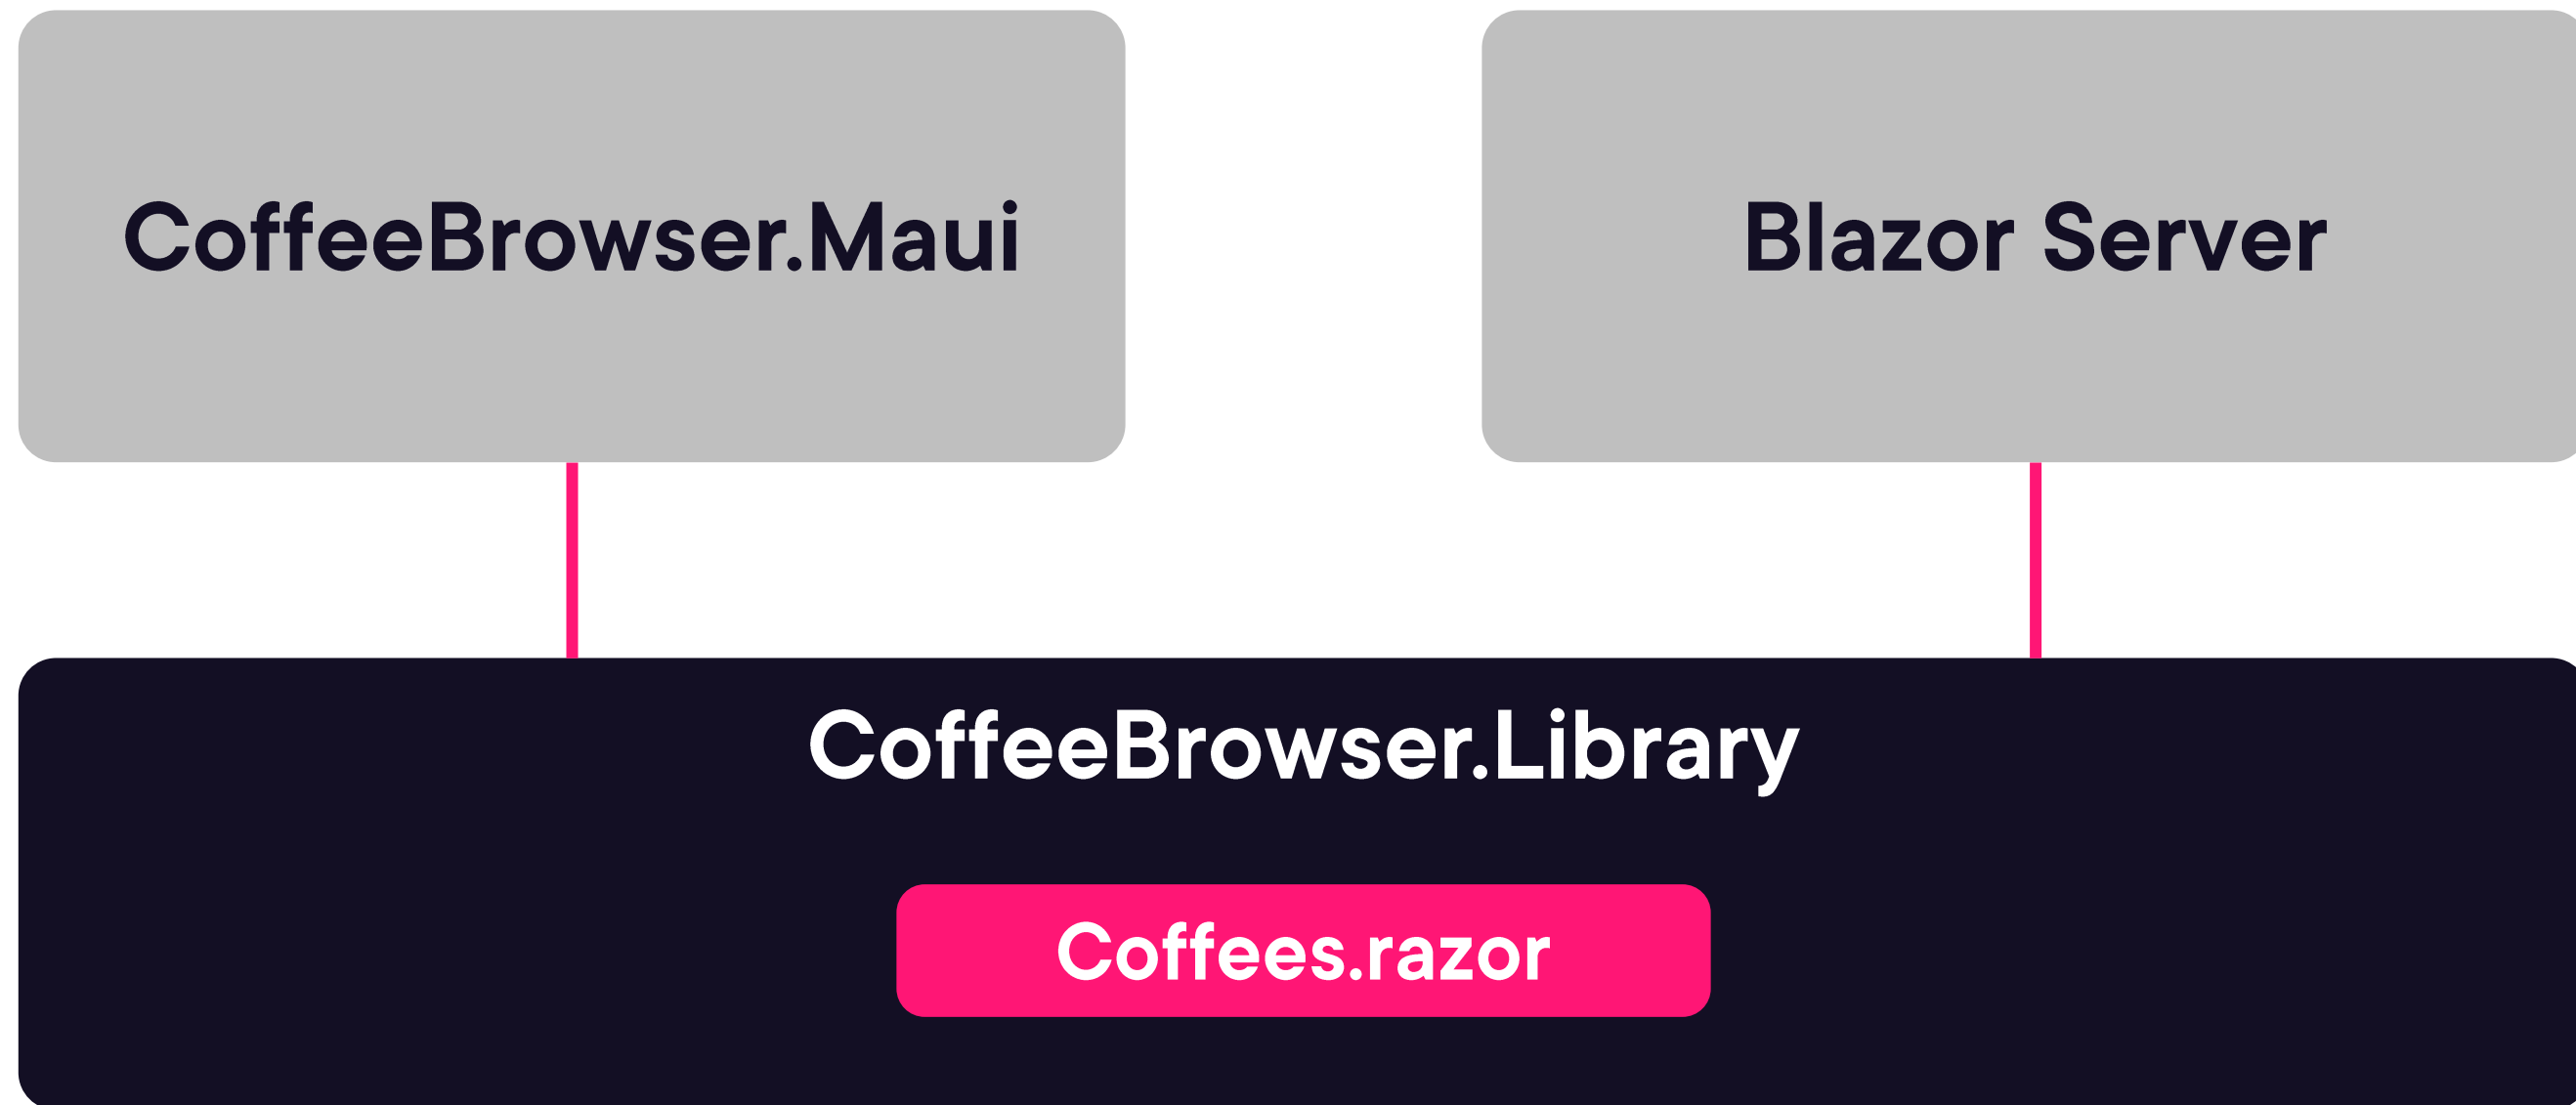

CoffeeBrowser.Maui

CoffeeBrowser.Library

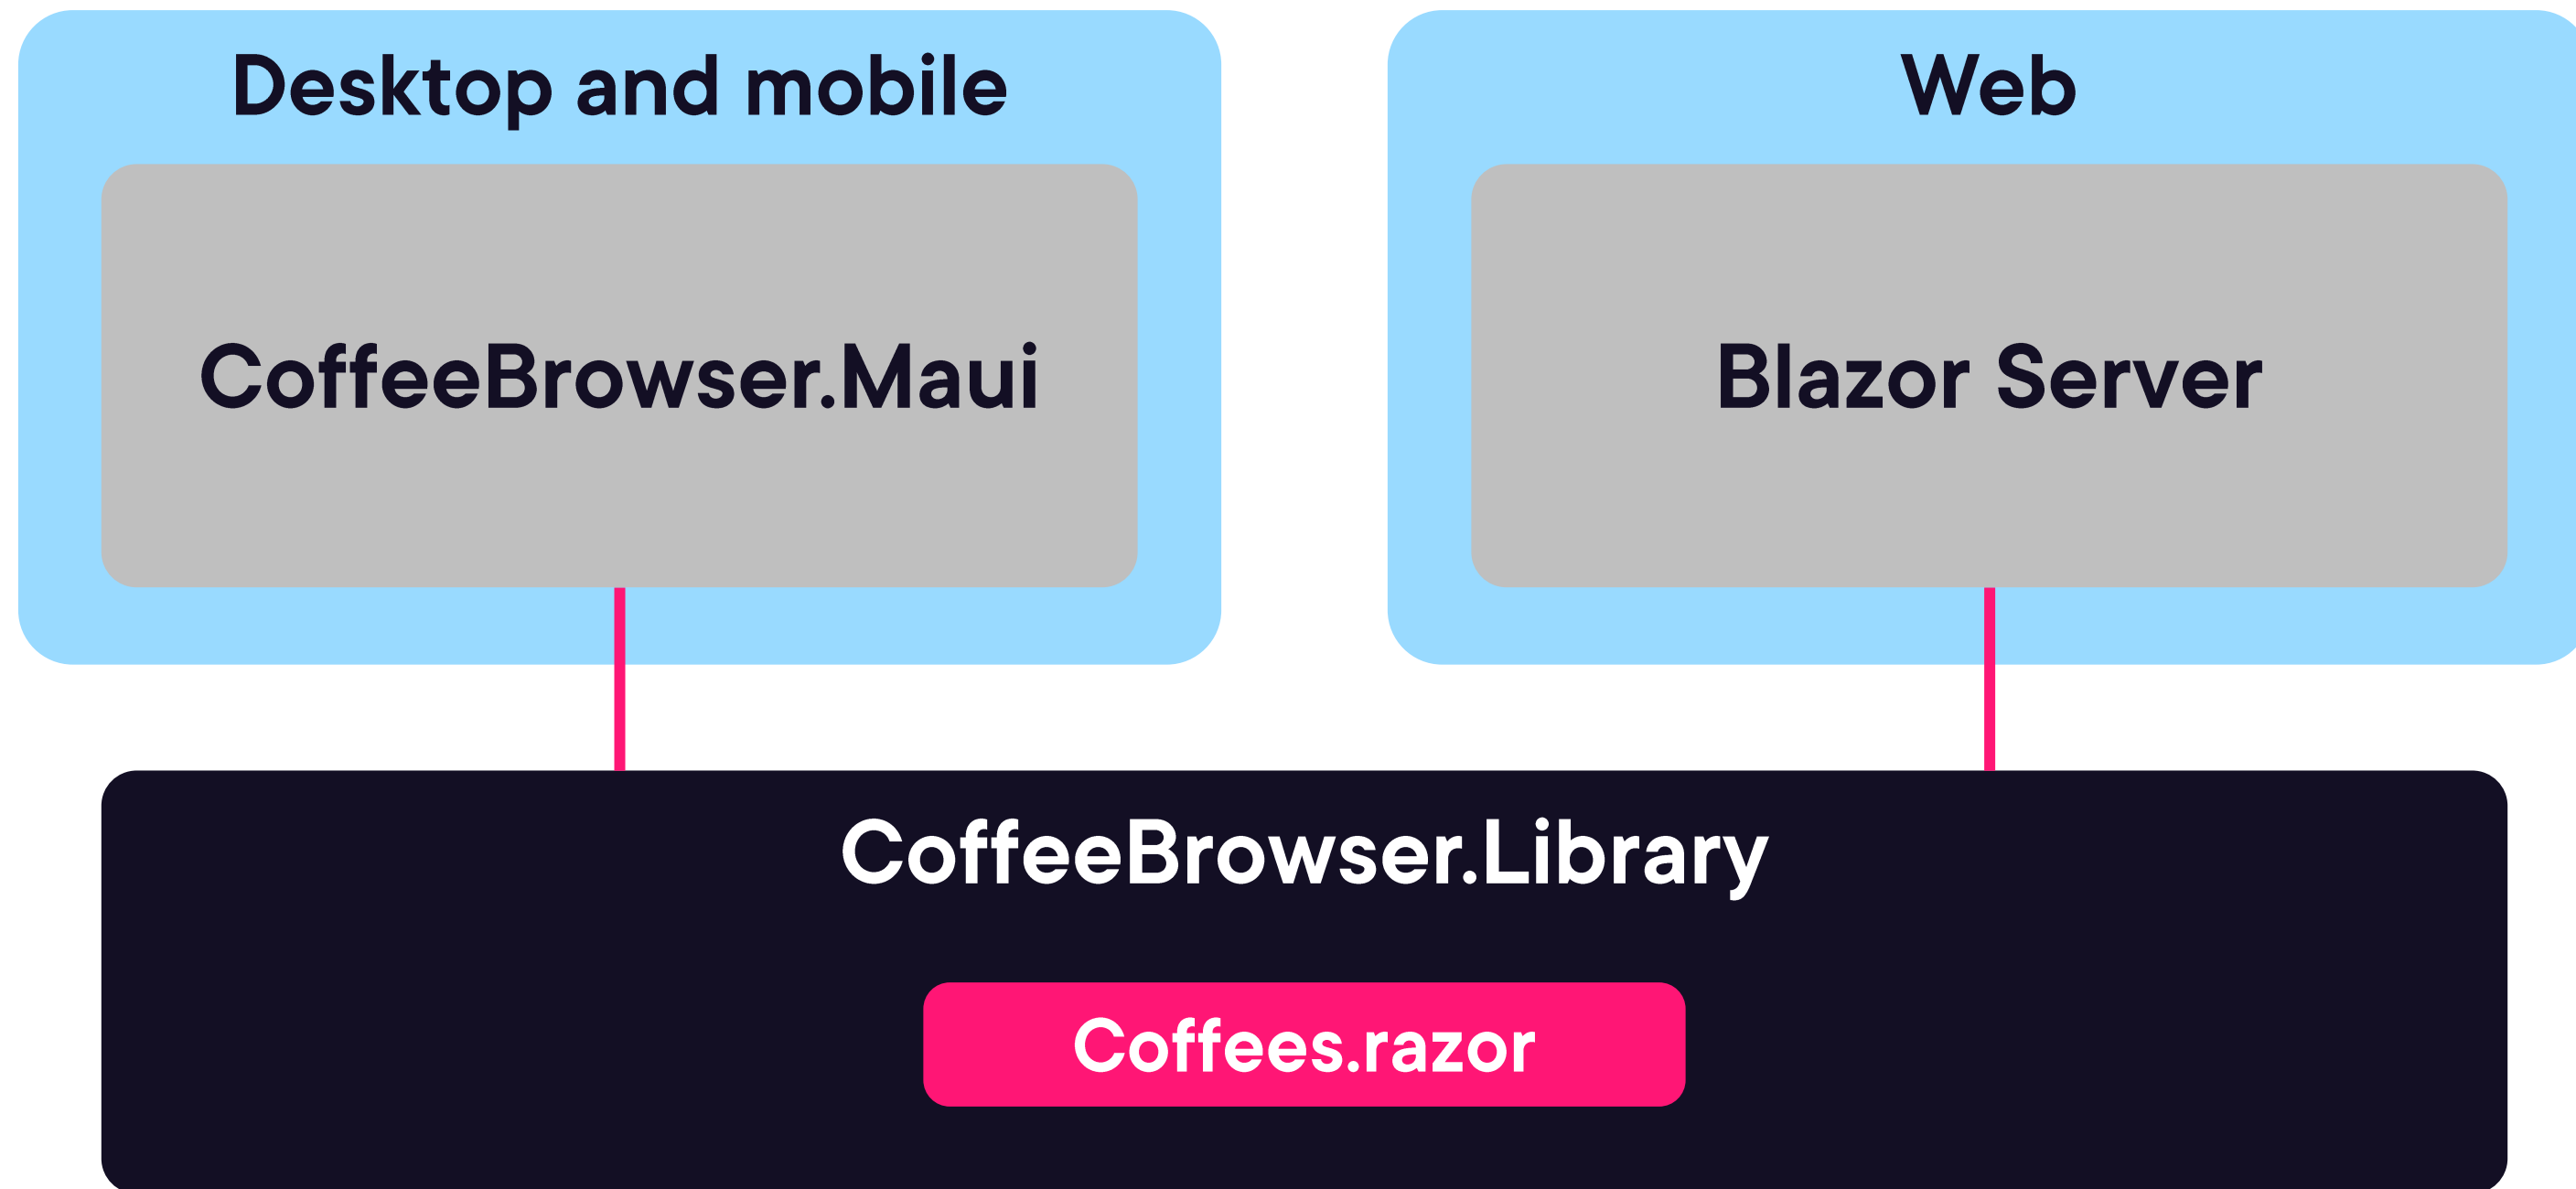

Coffees.razor

Reuse Code with Razor Class Libraries

Reuse Code with Razor Class Libraries

Create a razor class library

Add components to the library

Use the library in .NET MAUI

Adjust the router to load the page

Use the library in Blazor Server

Register an ICoffeeService in Blazor Server

Summary

Create a razor class library

Add components to the library

Use the library

- In a .NET MAUI Blazor app
- In a Blazor Server app
